**AIR FORCE JOURNAL
of LOGISTICS**

Volume XXVIII,
Number 2
Summer 2004

more than 20 years of capturing logistics

The *Journal* is considered the premier Air Force logistics research publication, both within and outside the Air Force.

The *Air Force Journal of Logistics* is the professional logistics publication of the Air Force. We provide an open forum for presenting research, innovative thinking, and ideas and issues of concern to the Air Force and civilian logistics communities.

The *Journal* is distributed worldwide. It reaches all segments of the Air Force and nearly all levels of the Department of Defense and the US Government. You'll also find the *Journal* is read by foreign military forces in 26 countries, people in industry, and students at universities with undergraduate and graduate programs in logistics.

We have a strong research focus, as our name implies, but that's not our only focus. Logistics thought and history are two of the major subject areas you'll find in the *Journal*. And by no means are these areas restricted to just military issues or are our authors all from the military.

The AFJL staff also produces and publishes a variety of high-impact publications—books, monographs, reading lists, and reports. That's part of our mission—

address logistics issues, ideas, research, and information for aerospace forces.

On the Internet

In addition to the printed magazine, we have an online version of the *Journal*, which can be downloaded or read via any standard Web-based browser. At any time, the last four editions of the *Journal* can be seen on our Web site.

Excellence in Writing Contest

Open to Military and Civilian Authors

Category 1 - History of Logistics

- 3,000 to 7,500 words
- Single or multiple authors
- Focus area - 20th century

Category 2 - Logistics Analysis

- 2,500 to 5,500 words
- Single or multiple authors
- Focus area - evolutionary logistics in the 21st century

All Submissions Due by 31 August 2004

Judges from Industry, Academia, and the Military

Winners Announced 30 September 2004

Winning Article in Each Category—\$100 Prize

The preferred method of submission is via electronic mail (e-mail) to: editor-AFJL@maxwell.af.mil. Manuscripts also can be submitted in hard copy. They should be addressed to the *Air Force Journal of Logistics*, 50 Chennault Circle, Maxwell AFB, AL 36112-6417. If this method is used, a 3.5-inch disk, Zip disk, or compact disk containing an electronic version of the manuscript should accompany the hard copy. Regardless of the method of submission, the basic manuscript should be in Microsoft Word or WordPerfect format, and all supporting tables, figures, graphs, or graphics must be provided in separate files (preferably created in Microsoft Office® products; if Microsoft Excel is used to create any of the charts or figures, the original Excel file must be supplied).

Top Three Articles in Each Category Published in the *Air Force Journal of Logistics* and a Separate Monograph

NEW!

Available Now

Military logistics, at a more fundamental level, is in a period of transition brought about by the evolving information revolution. Many challenges concerning workflow, improving data integrity, and efficient communications still exist. A variety of human and cultural factors still impede full-scale adoption of many new information technologies—complexity and difficulty in the use of some systems, loss of control, changes in fundamental power relationships, uselessness of old skills, and changes in work relationships. Change and instruments of change, as apparent as they seem once implemented, often elude understanding before they enter the mainstream.

Old Lessons, New Thoughts is a collection of seven essays or articles that lets the reader examine logistics and technological lessons from history that are particularly applicable in today's transformation environment.
